Easy Graphics
Wide-Format Printers

SureColor T7270

Epson PrecisionCore TFP
- Maximum resolution of 2880 x 1440 dpi for incredibly sharp text and fine detail
- Precise ink drop control with variable-sized droplets as small as 3.5 picoliters for outstanding clarity and sharpness
- Utilizes Micro-Electro-Mechanical Systems (MEMS) Technology for unparalleled Dot Placement accuracy and high speeds
- Developed for use with Epson UltraChrome XD inks for high reliability with very little downtime for maintenance

Optional Multifunction Module
- Fastest-in-class Copy and Scan Speeds:
  - Color D-size copy in less than 40 seconds
  - Color Scan speeds up to 12-inches per second
- Epson REALOID Image processing hardware optimizes image quality for crisp line documents and photographic posters
- Scan and Share images across a network, by email, and even to a remote SureColor T-Series multifunction system
- Intuitive controls for easy copies, enlargements, and scanned images

Optional Expansion Modules
- High performance Adobe PostScript 3 Hardware engine supports Hot-Folder batch printing and easily integrates into the most complex workflows, including support for secure PDF printing
- Boost workgroup productivity with the internal 320 GB print server which can be managed remotely, and allows for print jobs to be saved and reprinted
- The expansion modules can be added at any time, allowing the printer to grow with your business needs

Epson UltraChrome XD Inks
- Specially formulated pigmented inks for brilliant output with rich blacks and vibrant colors even on inexpensive plain paper
- Durable inks with extreme water, smudge, fade, and ozone resistance; excellent for archival and short-term outdoor use
- Multiple size ink cartridges - up to 700 ml capacity - for low printing costs
- The SureColor T-Series printers are designed to be used exclusively with these specially-formulated inks, and not with other brands of cartridges or inks
